SA10 REFLECTIVE VEST

SA10-LIME

Description

Torso high visibility reflective safety wear is intended to provide conspicuity of the wearer in any light condition when viewed by operators of vehicles or other mechanized equipment during daylight conditions and under illumination of headlights in the dark.

Occupational wearers of clothing with high-visibility features, include railway and highway workers, airport workers, emergency services or where workers are near moving vehicles or in dark areas.

Reflective safety wear is not intended as a workwear garment.

Specifications

Style: High visibility vest with zip, plastic id card pocket and reflective tape
Materials: 100% Polyester fluorescent lime open weave fabric and black polyester binding
Colours: Available in fluorescent green
Fasteners: Nylon zip with metal slider
Reflective tape: 50mm Retro - reflective silver glass beads

Packaging, Storage & Obsolescence

Dromex® SA10 reflective wear is packed in individual plastic bags and sold as 50 units per carton.

When not in use or during transportation, the reflective wear should be stored in a container such that it is out of direct sunlight and not in contact with any chemicals, liquids or sharp objects.

Store in a cool dry place.

The reflective wear useful life is affected by many factors including the cold, heat, chemicals, sunlight and misuse. Stored correctly should have a shelf life of 3 years.

Sizes Available

Small to 5XL.

Cleaning & Maintenance

Disposal

All industrial waste should be disposed of correctly according to local regulations and good disposal practice. Reflective safety wear should be disposed of considering the hazardous substance they were used for. Please consider recycling.
